

Finding POP/IMAP/SMTP Settings for EagleMail

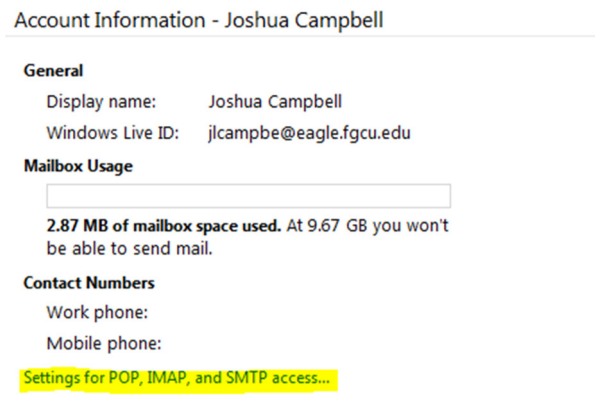

1. First login to webmail at <http://eagle.fgcu.edu>
2. Next click on 'Options' in the upper right corner

3. Then click on 'See All Options..'

4. A new screen should open and in the middle you should see a link that says "Settings for POP, IMAP, and SMTP access..." Click on it.

5. Finally a window will display showing you all the settings you need for either POP or IMAP settings. The SMTP settings are your outbound settings.

Use these settings to access your e-mail using POP, IMAP, or SMTP.

POP setting

Server name: pod51010.outlook.com
Port: 995
Encryption method: SSL

IMAP setting

Server name: pod51010.outlook.com
Port: 993
